

## TRAMIN2018 – Call for abstracts

<https://tramin2018.sciencesconf.org>

**TRAMIN2018** is an international and cross-disciplinary conference focused on “**Socio-environmental trajectories of mining territories**” that will be held in Chambéry (Savoie, France) from the 15<sup>th</sup> to the 17<sup>th</sup> October 2018. A post-meeting excursion is organized in the Maurienne Valley (Savoie, France) on the 18<sup>th</sup> October.

TRAMIN2018 will bring together researchers from various scientific communities working on mines and mining territories. It aims to bring together geological, geographical, historical, sociological, legal, anthropological, economic, and environmental approaches by putting in perspective the role and the socio-environmental impacts of mining activity on development, transformation, and reconversion of these territories. The TRAMIN2018 meeting is therefore primarily a forum for exchanging on the added value of interdisciplinarity to better understand the socio-environmental trajectories of current and/or past mining territories. In-fine the main objective is to be able to implement territorial development strategies adapted to the challenges of sustainable development in these territories.

### Objectives

1. Decompartmentalize disciplines and highlight the added value of an integrated and cross-disciplinary approach;
2. Compare the experiences of former mining territories where mines are closed and those from territories with ongoing or developing operations.
3. Integrate sustainable development to mining territories, combining economic, social and environmental geology. This will include establishing strategies for mining territories development, taking into account the concepts of inheritance and socio-environmental trajectories.
4. Federate an interdisciplinary community, at national and international levels, aiming to set up joint research projects.

### Program

Plenary sessions of the TRAMIN2018 meeting will be held from the 15<sup>th</sup> to the 17<sup>th</sup> of October 2018, combining keynotes and oral presentations. They will be followed by a post-meeting excursion on the 18<sup>th</sup> of October 2018, in the Maurienne valley (Savoie, France). Two poster sessions will be held on the 15<sup>th</sup> and on the 16<sup>th</sup> of October 2018.

The program will be available in July 2018.

### Themes

Contributions may focus on the geo-environmental, socio-economic, historical, geographical, legal or political aspects of the development trajectories of mining territories.

All scales of time (from the year to the millenium) and space (from the village to the region) can be investigated. Contributions may include a diachronic approach or focus on a specific time period (e.g., during mine operation vs. after mine operation). Comparisons of several mining territories are welcome.

Interdisciplinary contributions are encouraged. The following list of possible topics is non-restrictive:

- Dynamics & strategies
- Public policies
- Perceptions
- Local communities & identities
- Conflicts & mobilizations
- Past, present, future
- Vulnerabilities & risks
- Extraction and processing techniques
- Contamination & socio-environmental impacts
- Landscape
- Post-mining: remediation & reconversion
- Mining heritage & patrimonialization

***The contributions should emphasize in what way the research presented can feed, and was fed by, the other disciplinary fields or topics mentioned above.***

### Abstract submission

Abstracts must be written in English, and typed using the [TRAMIN2018\\_Template\\_Abstract.doc](#) file, which is available in the practical information page of the website and attached to the second announcement. The entire document, including title, affiliation and references (if any), should not exceed 1 page-long. A book with all abstracts will be given at the meeting.

During abstract submissions, the authors will have to choose an oral or poster presentation. Oral presentation support and posters must be written in English. However, the presentations themselves may be in French or in English.

### Registration

Registration is mandatory. Please register online at <https://tramin2018.sciencesconf.org>

Category	Meeting (until the 15 July)	Meeting (after the 15 July)	Gala dinner	Excursion
Academics	100 €	150 €	50 €	60 €
PhD	50 €	75 €	50 €	60 €
Industries & collectivities	200 €	250 €	50 €	60 €

### Important deadlines

- 15 February 2018 opening of the call for abstracts
- 10 June 2018 deadline for the call for abstracts
- 15-30 June 2018 oral/poster selection
- 15 July 2018 deadline for early registration
- 15-17 October 2018 TRAMIN2018 meeting
- 18 October 2018 post-meeting excursion
